PUBLIC CHARITIES

Toronto, May 3rd, 1918.

Dear Mr. President:-

I have been asked to prepare a short paper on "University Education for the Nursing Profession", to be given at the Annual Meeting of the Canadian Nursing Association which is to be held in Toronto on June 7th.

I beg to ask that you will do me the favour of giving me any information on this subject, or making any suggestions, or expressing your views as to whether it might be possible, or advisable to establish a Course of Lectures in Nursing or a Chair of Nursing at the University of which you are President.

I shall be grateful for any assistance that you may be good enough to give me.

I have the honour to be,

Sir,

Your obedient servant,

Helen MacMurchy

Assistant Inspector.

The President of the University of Toronto,

TORONTO.

Dr. Helen MacMurchy,

Toronto.

Dear Dr. MacMurchy:

There have been of late so many demands made upon the University that it is extremely difficult for us to make any promises as to the immediate future. There are such constant requests for the extension of our university control and direction that if we were to endeavour to meet them all the Government would, I am sure, bid us call a halt. It is of course a satisfaction to know that the public recognizes that the University is of growing service, and it is quite possible that before long the demand for a course in nursing might be such that we should have to endeavour to meet it, but I do not see any chance of this coming to pass in the immediate future.

With kind regards, I am,

Yours sincerely,

President.
